Sidney Lumet (b. 1924–d. 2011) was adamantly anti-auteurist, always emphasizing the collaborative nature of making movies (he avoided the words “film” and “cinema” as pretentious). He was that rare director who refused the possessory credit, “a film by . . .” which may be the reason he lacks the name recognition of a Spielberg, Scorsese, or Coppola. However, his movies are among the classics of the second half of the twentieth century, including his first feature, the courtroom drama *Twelve Angry Men*. Lumet explores such diverse topics as the story of a holocaust survivor in *The Pawnbroker*; corruption in the New York police department in *Serpico*, and *Prince of the City*. Others include a thwarted bank robbery by a bisexual Vietnam veteran in *Dog Day Afternoon*; the power of television in the prescient *Network*; and medical malpractice and the Catholic Church in *The Verdict*. He made over forty features and was nominated by the Motion Picture Academy for Best Director four times and once for screenwriting. In 2005, he finally received a long overdue Oscar for Lifetime Achievement. He began his career as a child actor in New York, the son of Baruch Lumet, a well-known Yiddish actor. His Broadway debut was in Sidney Kingsley’s *Dead End* in 1935, and he continued to perform regularly on and off Broadway as a child. Again portraying a slum kid, he starred in the film *One Third of*

a Nation, directed by Dudley Murphy in 1939. Perhaps because of his own acting experience, actors loved working with him and appreciated his sensitivity to their needs. In 1941, he joined the Army Signal Corps. After World War II, he founded an off-Broadway acting group and began directing. However, it was the so-called Golden Age of television that really gave him his start as a director, and he credits those television years with teaching him how to shoot quickly and efficiently, how to edit in the camera, and how to use lenses to help tell a story. Besides his skill as a technician, Lumet also brought to his early television projects his humanity and ongoing concern for social justice. He was fascinated by the human cost involved in following passions and commitments, as well as the cost those passions and commitments inflict on others. This concern is at the core of most of his movies, exploring the complexities of human behavior. Human Rights First, a nonprofit, nonpartisan organization based in New York City and Washington, has honored the humanitarian impact of his career by creating the “Sidney Lumet Award for Integrity in Entertainment” to pay tribute to works of popular culture that advance understanding of pressing human rights issues.

## **D ED PREVIOUS QUESTION PAPERS**

**What is the difference between D and Ed?** If the verb ends in a –d or a –t, the –ed ending is pronounced as a new syllable, /id/. If the verb ends in a vowel sound or a voiced consonant (l, n, r, b, g, m, z, s, v), then the –ed ending sounds like a /d/ and does not create a new syllable.

**How to download Bihar deled previous year question paper?** Candidates can download the Bihar D. El. Ed Previous Year Question Paper from the official website of BSEB.

**What is the difference between PhD and D?** While all PhDs are doctorates, not all doctorates are PhDs. The key difference lies in their focus and application. A PhD is typically an academic degree focused on theoretical research. In contrast, professional doctorates are practical and geared towards applying research to specific professional settings.

**What is the rule for ED and D?** It explains that words ending in a consonant followed by "e" simply add "d", words with a long vowel sound add "-ed", words with a short vowel and one consonant double the consonant and add "-ed", and words ending in a consonant plus "y" change the "y" to "i" and add "-ed".

**What is the passing marks for D Ed in Bihar?**

**When to use ED in a word?** The suffix –ed is used to form the regular past tense of a verb or as a past participle ending. We use the past tense to talk about things happening before the present or about completed action. For example: I listened to music this morning at the gym.

**What is the difference in ED and MD?** There is a clear difference in the key focuses and responsibilities of these two positions, with those of an executive

director focusing largely on overall strategy, whereas those of a managing director are much more focussed on the day-to-day operations of the company.

**What's the difference between impotence and ED?** Erectile dysfunction, also known as impotence, is defined by difficulty getting and keeping an erection. It can be an embarrassing thing to talk about. It's been reported that more than half of men between the ages of 40 and 70 experience some form of ED. So take comfort in knowing that you are not alone.

**When ED sounds like t?** We pronounce the –ed as /d/ after voiced consonants, except /d/. For example rained, failed, and robbed. We pronounce the –ed as /t/ after unvoiced consonants, except /t/. For example cooked, helped, watched.
