Internal Medicine – Open Journal. Intern Med Open J. Rare Case of Metastatic Cholangiocarcinoma leading to Panhypopituitarism.

Metastasis is a common complication of malignancy, however, researchers are constantly investigating and trying to better understand the way and pattern in which cancer spreads. Neuro-ophthalmologic and ocular presentations are rare in cholangiocarcinoma, with only one known confirmed case reported in 2020. This case features a patient with a known diagnosis of cholangiocarcinoma with bone metastasis; complicated by newly discovered subdural hematoma and suspected pituitary metastasis; with radiological evidence of abnormally large and enhancing

pituitary, clinical features of left-sided cranial nerve 6th palsy and laboratory features of panhypopituitarism.

. Neuro – Open Journal. Neuro Open J. A Variant of Miller-Fisher Syndrome: A Case Report.

This report describes the case of a patient who presented to the hospital with weakness, neuropathy, ataxia, and diplopia who was found to meet the criteria for Miller-Fisher syndrome but had symptoms, physical exam findings, and lab results inconsistent with typical Miller-Fisher syndrome and suggestive of a potential variant who experienced only a partial response to typical Guillain-Barré syndrome treatment.

. Pulmonary Research and Respiratory Medicine – Open Journal. Pulm Res Respir Med Open J. An Unusual Presentation of New Onset Sarcoidosis.

This paper summarizes the case of a patient admitted to the hospital for nausea, light-headedness, and vomiting in the setting of persistent leukocytosis. Despite being adequately treated for an infection, the patient's leukocytosis did not resolve. Workup yielded a diagnosis of sarcoidosis. This is an unusual presentation of sarcoidosis since the patient did not present with typical respiratory symptoms. The presenting dyspnea on exertion is thought to be due to his smoking history. Treatment is promptly initiated with steroids. It is of utmost importance to initiate steroid therapy to prevent the progression of the disease. Sequelae may include glaucoma, small-fiber neuropathy, and pain syndromes.

6TH GRADE MATH STUDY GUIDES

Unlocking Mathematical Mastery: Comprehensive Study Guides for 6th Grade Mathematics

Navigating the complexities of 6th grade mathematics can be a daunting task, but with the right study materials, students can unlock their true potential. Specially designed study guides provide invaluable support, offering clear explanations, practice questions, and answers to solidify understanding.

1. Number Systems and Operations

- **Question:** Convert 0.75 into a fraction.
- **Answer:** $\frac{3}{4}$

2. Measurement and Data

- **Question:** A rectangular garden measures 6 feet by 8 feet. What is its perimeter?
- **Answer:** 28 feet

3. Geometry

- **Question:** Find the volume of a rectangular prism with a length of 5 inches, a width of 3 inches, and a height of 6 inches.
- **Answer:** 90 cubic inches

4. Ratios, Proportions, and Percents

- **Question:** What percent of 20 is 12?

- **Answer:** 60%

5. Probability

- **Question:** A spinner has 8 equal sections. If the spinner is spun once, what is the probability of landing on an even number?
- **Answer:** 25%

Study guides not only reinforce concepts covered in class but also cater to different learning styles. They may include visual representations, interactive activities, and challenging questions to engage students and enhance their grasp of mathematical concepts. Regular use of study guides can significantly improve test scores and foster a lifelong love for learning mathematics.

POETRY OF ALLAMA IQBAL IN URDU WORDPRESS

What are the two famous poetry of Allama Iqbal? He is most renowned for his poetic compositions, including "Asrar-e-Khudi," for which he was honored with a British knighthood upon its publication, "Rumuz-e-Bekhudi," and "Bang-e-Dara." His literary works in the Persian language garnered him recognition in Iran, where he is commonly known as Eghbal-e Lahouri (Persian: ...

What is the main theme of Iqbal poetry? The basic motifs of his poetry include self-realization, spiritualism, and the message of unity for Muslims around the globe and qualities of a Muslim who was best in his saying and deeds.

Which is the first poetry book of Allama Iqbal in Urdu? Sir Muhammad Iqbal's *The Call of the Marching Bell* (????? ???, bang-e-dara), his first collection of Urdu poetry, was published in 1924. It was written in three distinct phases of his life.

What is the poetry language of Allama Iqbal? He wrote poetry in Urdu and Persian. His poetry is considered to be revolutionary. His vision of an independent state for the Muslims of British India was a starting point for the creation of Pakistan. He is commonly referred to as Dr Allama Muhammad Iqbal.

What is the 1st poetry of Iqbal? The first poem written by Allama Iqbal in Urdu was "Nala-e-Yatim" (نالا-ی-یتیم), which he wrote at the age of nine. This poem was a eulogy for his father, Sheikh Noor Muhammad, who had passed away when Iqbal was quite young.

Which Indian national anthem was written by Allama Iqbal? "Sare Jahan se Achha Hindustan Hamara" is a poem written by Mohammad Iqbal. The philosopher, poet and politician Allama Muhammad Iqbal, who created one of the most enduring patriotic poems of the Urdu language. Known alternatively as "Tarana -e -Hind", this song was originally a poem written by Muhammad Iqbal.

How did Iqbal's poetry affect Muslims? As a poet his political philosophy had strongly influenced on the Muslims of Subcontinent as he had a profound political insight and had a great connection with the pulse of the nation as he said in Javed-Namma that a poet is like a heart in the nation and without a poet the nation is like a heap of the clay.

What is the moral of Iqbal? Like Ibn Arabi, Iqbal contends that the essence of moral and spiritual life lies in the fact, that man should bear witness that God is indeed present in him. Humanity, in his opinion, is united in divinity. If divinity and sanctity of man were denied and disgraced, mankind would fall apart and be divided.

What is the message of Allama Iqbal poetry? Being a strong, self-reliant person is strongly advocated by Iqbal because it essentially involves belief and confidence in one's abilities. And this is what we all are meant to do because we all have tremendous potential to achieve things. With self-confidence and self-respect, there is nothing that we cannot achieve.

How many times did Iqbal marry? In the period of two years, Iqbal had added three marriages and two wives to his life. Interestingly, Iqbal's first wife, who was living in Sialkot till that time, also decided to live with him in Lahore with his other two wives.

Why is Allama Iqbal called poet of East in Urdu? Allama Muhammad Iqbal was a politician, philosopher and poet. His poetry mostly targeted the oppressed Muslim Ummah, particularly the Muslims of South Asia. That is why he also called as Shaer-

e-Mashriq means Poet of the East. He wrote poetry in Persian and Urdu.

Who is the national poet of Pakistan? Muhammad Iqbal, also known as Allama Iqbal, is the National Poet of Pakistan. A poet, philosopher, politician, lawyer, and scholar, Iqbal was born on November 9, 1877, in Punjab, Pakistan, to Kashmiri parents and educated at Scotch Mission College in Sialkot.

What is the philosophy of Iqbal poetry? Iqbal's philosophy is known as the philosophy of khudi or Selfhood. Rejecting the idea of a 'Fall' from Eden or original sin, Iqbal regards the advent of human beings on earth as a glorious event, since Adam was designated by God to be God's viceregent on earth.

What was the ideology of Allama Iqbal? According to Iqbal making of a separate homeland was essential for the restoration of identity of Muslims. His concept of "Khudi" and philosophy of believe in faith and institutions led him to the concept of Nation as Moral Consciousness which declared his genius in his famous Allahabad Address.

What aim did Allama Iqbal write poetry with? Message of Iqbal is the message of true divine love, the message of self development and self annihilation in true love. The message of Iqbal r.a is same as the message of Jalaluddin Rumi r.a and the essence of tassawuf. He used poetry only as a medium to convey the message of love and Quran.

For what Allama Iqbal is famous? Iqbal is widely known as one of the most important figures in Urdu and Persian literature, having written numerous volumes of poetry in both languages. After returning to Lahore in 1908, Iqbal taught philosophy and English literature while practicing law.

What are the poetic works of Iqbal? Three significant poems from this period, Shikwah ("The Complaint"), Jawab-e shikwah ("The Answer to the Complaint"), and Khizr-e rah ("Khizr, the Guide"), were published later in 1924 in the Urdu collection Bāng-e dar ("The Call of the Bell").

What is the second book of Allama Iqbal? His first book, Asrār-I Khudī (The Secrets of the Self), was published in 1915, followed by Ramuz-e-Bekhudi (The Mysteries of Selflessness) in 1918—both of which are regarded as the base for his

poetic philosophy. What is meant by Iqbal's books, "Zarb-e-Kaleem" and "Baang-e-Dra"?

Why Allama Iqbal is called poet of East? Iqbal wrote both in Persian and Urdu, and is often regarded as the poet-philosopher of the East who addressed the Muslim ummah, believed in the philosophy of wahdatul wujud, and propounded the philosophy of khudi, or selfhood, which called for self-realisation and the discovery of the hidden talent with love and ...

MACBETH ACT 4 SCENE 1 STUDY GUIDE

QUESTION AND ANSWERS

What do we learn about Macbeth in Act 4 Scene 1? Macbeth seeks out the witches to discover any obstacles that he may encounter as king. He sees three apparitions that give him the impression that he will remain safely on the throne. Macbeth later learns that Macduff has fled to England, so he crafts a plan to kill Macduff's wife, children, and other heirs.

What are the main points of Act 1 Scene 4 Macbeth? Act 1 Scene 4 King Duncan's son Malcolm reports that he confessed and died nobly. Macbeth and Banquo, along with Ross and Angus, join the rest of Duncan's party. Duncan thanks them both for their part in the battle and announces that his eldest son, Malcolm, will inherit the throne from him when he dies.

How are the witches presented as evil in Macbeth Act 4 Scene 1? Into this they throw all manner of foul and evil objects ('poisoned entrails') and cast a spell. Although it is not clear what the spell is for, it is obvious they are up to no good. The Witches' chant is in a different rhythm to the way the other characters speak - this also suggests their supernatural nature.

What is the foreshadowing in Act 4 Scene 1 of Macbeth? In Act 4, Scene 1, and apparition summoned by the witches foreshadows the fact that Macduff will be the one to kill Macbeth: First Apparition: Macbeth!

What does Act 4 Scene 1 symbolize in Macbeth? First, a floating head appears and tells Macbeth to beware Macduff. The head symbolizes either Macduff's

rebellion or Macbeth's fate. Next, a bloody child appears. The child says that "no man of woman born / Shall harm Macbeth" (4.1).

What do the apparitions symbolize in Macbeth Act 4 Scene 1? After the ghost of Banquo haunts him, Macbeth consults the weird sisters. They show him three apparitions in Act IV, scene i: a severed head, a bloody child, and a royal child holding a tree. These three apparitions can represent Macbeth, Malcolm, and Macbeth's naiveté.

What is the main idea of Act 4 Scene 1? Act 4, Scene 1 Summary: Paris is busy making plans with Friar Lawrence for his upcoming wedding with Juliet. Juliet enters, and, sensing she's there for confession, Paris makes his exit. A despairing Juliet begs Friar Lawrence's help in averting a marriage to Paris.

What are the three prophecies in Act 4 Scene 1? They tell him three key things: He should keep an eye on Macduff. He won't face any harm from anyone "of woman born." He won't be conquered until Birnam Wood marches to Dunsinane.

What is Macbeth's state of mind in Act 1 Scene 4? Thus, Macbeth's state of mind in this scene is one of ambivalence and confusion. On one hand he doesn't want to kill Duncan because he has nothing against the king, on the other hand, the prophecy of the witches and the urging of his wife is pushing him toward taking this action.

What is the suspense in Act 4 Scene 1 of Macbeth? Macbeth is greatly reassured, but his confidence in the future is shaken when the witches show him a line of kings all in the image of Banquo. After the witches disappear, Macbeth discovers that Macduff has fled to England and decides to kill Macduff's family immediately.

What is a simile in Act 4 Scene 1 of Macbeth? the simile "come like shadows, so depart" could foreshadow Macbeth's future line that "life is but a walking shadow", suggesting that, like his own life and everybody's life, the lives and kingships of Macbeth's descendants are meaningless.

What is the irony in Act 4 Scene 1 of Macbeth? Quick answer: The irony in the witches' statement, "Something wicked this way comes," in Act 4, Scene 1 of

Macbeth, lies in the witches' own wickedness. They, being the epitome of evil, label Macbeth as wicked, oblivious to their role in inciting his dark ambitions.

Why is Act 4 Scene 1 important in Macbeth? This scene can be roughly divided into three: the Witches' casting of a spell; the supernatural answers to Macbeth's demands; and Macbeth's return to the cold world of political and social reality. The scene's structure deliberately recalls the opening scenes of the play. Once more, Macbeth's destiny is in question.

Where does Act 4 Scene 1 of Macbeth take place? In a dark cavern, a bubbling cauldron hisses and spits, and the three witches suddenly appear onstage. They circle the cauldron, chanting spells and adding bizarre ingredients to their stew—"eye of newt and toe of frog, / Wool of bat and tongue of dog" (4.1).

What is the paradox in Act 4 Scene 1 of Macbeth? The paradox of the apparitions occurs in how Macbeth views what they show him and how the audience views their predictions. Macbeth needs to quell his fears that doom is upon him, so he takes the visions at face value. To the audience, the apparitions are symbols that foreshadow how the prophecies will be fulfilled.

What do we learn at the beginning of Scene 4 in Macbeth? Act 1, scene 4 Duncan demands and receives assurances that the former thane of Cawdor has been executed. When Macbeth, Banquo, Ross, and Angus join Duncan, he offers thanks to Macbeth and Banquo. He then announces his intention to have his son Malcolm succeed him as king and his plan to visit Macbeth at Inverness.

What do we learn about Macbeth in Act 4 Scene 2? Macbeth has Macduff's wife and children murdered. Malcolm and Macduff lead an army against Macbeth, as Lady Macbeth goes mad and commits suicide. Macbeth confronts Malcolm's army, trusting in the Weïrd Sisters' comforting promises. He learns that the promises are tricks, but continues to fight.

What is the paradox in Act 4 Scene 1 of Macbeth? The paradox of the apparitions occurs in how Macbeth views what they show him and how the audience views their predictions. Macbeth needs to quell his fears that doom is upon him, so he takes the visions at face value. To the audience, the apparitions are symbols that foreshadow

how the prophecies will be fulfilled.

What are the character traits of Macbeth in Act 4? But Macbeth's hubris or excessive pride is now his dominant character trait. This feature of his personality is well presented in Act IV, Scene 1, when he revisits the Witches of his own accord. His boldness and impression of personal invincibility mark him out for a tragic fall.

IMAGEM SIEMENS WINCC FLEXIBLE PROGRAMMING MANUAL

Journal of Applied Sciences. J. of Applied Sciences. Based on Siemens S7-300 Plc and Wincc Flexible High Pressure Foaming Machine Control. 2018 Chinese Control And Decision Conference (CCDC). Application of Siemens PLC and WinCC in the Monitoring-Control System of Bulk Grain Silo. Journal of Physics: Conference Series. J. Phys.: Conf. Ser.. Design of Gas Drainage Monitoring System Based on Siemens S7-1500 PLC and WinCC.

In order to ensure the reliable and stable operation of the gas drainage system and ensure the safe production of coal mines, a gas drainage monitoring system is designed. The monitoring system adopts Siemens S7-1500 series PLC as the core control unit. By configuring function modules and cooperating with WinCC configuration software to carry out the program design of the upper computer, the one-key control and automatic regulating of the gas drainage system is realized. The monitoring system adopts smart sensors, and improves the anti-interference ability of the system through digital signal transmission, adopts PID and cascade PID advanced control strategies to control the flow and pressure, and improves the regulating accuracy of the drainage system, adopts the limit threshold method and data mutation method combined with early warning reduces the unplanned shutdown of the drainage pump and improves the working efficiency of the drainage pump.

. Jurnal Profesi Insinyur Indonesia. JPII. Automasi Sistem Kendali Mesin di Lini Blending 3 Ton PT Djarum Plant OASIS dengan PLC Siemens S7 300 dan Wincc Expoler V7.2.

Abstrak Seiring dengan berkembangnya teknologi, sistem automasi industri telah mulai mengambil alih sistem konvensional yang selama ini sudah berjalan. Peranan

manusia dalam melakukan setting mesin mulai digantikan dengan algoritma untuk menghasilkan produk yang berkualitas baik. Dengan dikendalikan oleh algoritma yang terstruktur, kesalahan manusia (human error) yang sering mengurangi stabilitas kualitas hasil produksi bisa diminimalkan. Untuk memenuhi target tersebut PT Djarum di Lini Blending 3 Ton Oasis telah mengembangkan sistem kendali mesin baru. Sistem kendali baru yang dikembangkan harus fleksibel, mudah dioperasikan, dan mudah dalam perawatan. Sebagai otak dari sistem kendali menggunakan PLC (Programmable Logic Controller) Siemens S7 300, sedangkan untuk kebutuhan pengawasan dan kendali proses digunakan SCADA (Supervisory Control and Data Acquisition) Wincc Explorer V7.2. Konsep SCADA ini mencakup komunikasi data, manajemen data, pengawasan proses, dan kendali terhadap mesin. Dalam desain sistem automasi ini didasari dengan jaringan komunikasi Industrial Ethernet antarmesin sehingga semua data dari plant dapat dimonitor di dalam SCADA dan disimpan di dalam basisdata. Kata kunci: Djarum Plant Oasis, Lini Blending, Siemens, Industrial Ethernet, Automasi Abstract Along with the development of technology, industrial automation system start to take over the conventional system that has been running before. Human role to do manual setting to the machine start to take over by algorithm to produce tobacco with a good quality. Because the machine is controlled by algorithm, human error that often influence product quality can be minimized. To reach the target, Blending 3 Ton Line on Djarum OASIS plant had developed machine control system which flexible, easy to operate and maintain. For the brain of the control system, we use S7 300 PLC (Programmable Logic Controller), and for monitoring and operating the machine we use Wincc Explorer V7.2 SCADA (Supervisory Control and Data Acquisition). SCADA concept here covers data communication, data management, process monitoring and operation interface for the machine. On this automation system design base on Industrial Ethernet network which had been developed so that all data from machine can be monitored on SCADA and also can be saved on the database. Keywords: Djarum Plant Oasis, Blending Line, Siemens, Industrial Ethernet, Automation.

. International Thermal Spray Conference, Thermal Spray 2000: Proceedings from the International Thermal Spray Conference. Novel Concept for Totally Integrated Automation (TIA) Using Siemens Bus System and WinCC Online Control.

Total quality management requires definite process control as well as online diagnostics, if applied in industrial surface refinement by thermal spraying. A concept for integrated online diagnostics for the high velocity oxygen fuel (HVOF) flame spray process is presented using Siemens S7-300 programmable logic controller and PC-based Siemens WinCC (Windows Control Center) visualization software. The standard functionality of the WinCC programming environment can be extended by C-scripts. The integrated database allows to protocol the relevant process parameters periodically for total quality assurance. Also particle flux imaging software tools can be implemented to adjust online process parameters and for process diagnostic purposes. The Siemens bus system hierarchy thereby provides high speed communication skills for field bus level data exchange and for supervising system components, e.g. CCD-cameras. The interconnection between S7-300 PLC, 6-axis-robot and a novel WinCC software tool enables definite automatic changes of recipes during the coating process to generate functionally graded coatings.

THE KILL ARTIST

The Kill Artist: Unmasking the True Story behind the Infamous Serial Killer

What is "The Kill Artist"?

"The Kill Artist" is a gripping true-crime documentary that delves into the chilling case of Thierry Jaradin, a serial killer who terrorized Belgium in the 1980s and 1990s. The

documentary explores the intricate investigation that eventually led to Jaradin's capture.

Who was Thierry Jaradin?

Jaradin was a Belgian postal worker who led a double life. On the surface, he was a seemingly ordinary citizen, but beneath that façade lurked a cold-blooded killer. Between 1980 and 1996, Jaradin is believed to have murdered at least 10 people, mainly elderly women who lived alone.

How was Jaradin apprehended?

The investigation into Jaradin's crimes was hampered by a lack of physical evidence. However, a breakthrough came when one of his victims survived an attack and was able to provide a detailed description of the assailant. This, coupled with a psychological profile, led investigators to suspect Jaradin.

What motivated Jaradin's crimes?

The exact motivation behind Jaradin's actions remains a mystery. While he did confess to some of the murders, he refused to provide a clear explanation for his behavior. Psychologists and psychiatrists have speculated that he may have suffered from a personality disorder or a sexual compulsion.

What impact did Jaradin's crimes have?

Jaradin's crimes sent shockwaves through Belgium and beyond. The elderly population, particularly women living alone, were terrified. His capture and conviction brought some closure to the victims' families, but the psychological scars inflicted by his reign of terror still linger today.
